BULK GOTHAM CABLE – US / CANADIAN RETAIL PRICING

Unit costs
are per foot

DGS Cables

The DGS brand products are being discontinued. Gotham will continue to offer single-shielded cables with the same specifications as DGS products but these will only be available as special order (10,000 meter minimum) private label products.

We have very limited quantities of the listed DGS products remaining in US stock

With the exception of the pricing on our various **SALE ITEMS**, **BIG SALE**, **LITTLE SALE** and **GAC CABLE ASSEMBLIES** pages, prices shown on the website are LIST ("Retail" or "MSRP") prices strictly for reference purposes.

All customers should contact us for a discounted price quotation.

We do not have any minimum order requirements and most of our products can be purchased in either full rolls or cut lengths.

Our primary business activity is the distribution of bulk audio cable. But we also stock a limited variety of terminated audio cable assemblies as a convenience for our customers. See the **GAC CABLE ASSEMBLIES** page for details and pricing.
